

# A SEAMLESS EXPERIENCE FOR VOICE AND VIDEO

All together, now.

GoToConnect combines the power and reliability of Jive's phone systems and GoToMeeting's web, audio and video conferencing into one simple, fast, easy-to-use solution.

- Quickly toggle between calls, chat, text and meetings with a click.
- Start or join a meeting directly from your web application.
- See all your contacts in one spot and collaborate how you want.

## One amazingly affordable bill

It's a headache to manage multiple products and vendors for communications and collaboration. With GoToConnect, you have one vendor and one bill for voice and video. What's more, GoToConnect's affordable pricing significantly reduces your communications costs.

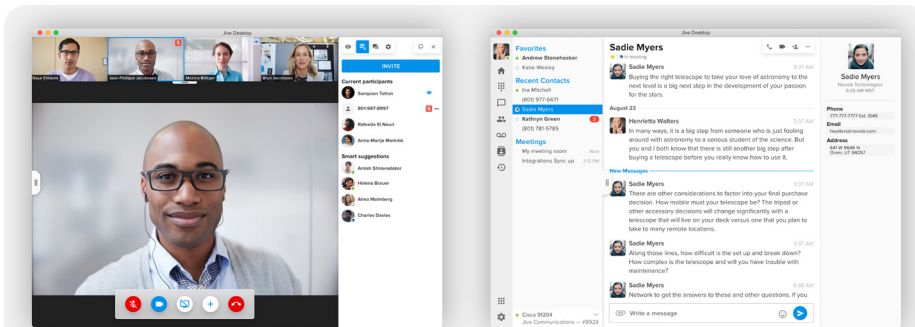

Trusted  
reliability

Affordable  
pricing

Anywhere  
collaboration

Meet face to face with your co-workers or customers in HD video.

See the status of contacts and stay connected with messaging.

## Call, meet and message your way

Easily communicate internally and externally via your web browser, a downloadable desktop app, a desk phone or your own mobile device. GoToConnect keeps everyone in your business connected, wherever they are.

- Select a contact and start a call, chat, text or meeting with them.
- Check voicemail and set up your own personal call routing.
- Take your calls, chats and texts on the go with Jive's mobile app.

GoToConnect includes over 100+ powerful hosted VoIP and meeting features for one price.
